DAVID RITTER

DAVID RITTER was born in 1981 near Tübingen, Germany.

2002-2010 David studied graphic design and interior architecture in Hamburg and Mainz.

He works as interior architect and furniture designer.

In November 2011 David started **DESIGNRITTER.COM** based in Copenhagen, Denmark.

In August 2012 he opened his Showroom and Office in Nørrebro, Copenhagen.

David Ritter

dipl. engineer
interior architecture

"I want to use a new, unusual material that I mix with old, traditional shapes and forms"

- David Ritter, designer and interior architect

Every DESIGNRITTER OSB-FURNITURE is UNIQUE

The furniture is simple with a special kind of structure. When you look at the finished furniture you see endless shapes and abstract figures in the wood chips. This makes every piece of furniture a unique specimen.

A SPECIAL FINISH

To enhance the uniqueness and give the furniture yet another dimension I use colored spackling paste that I mix myself. The paste, which can also be kept in a natural wooden color, fills the small holes between the wood chips, and the following lacquering and polishing makes the furniture appear smooth and almost soft.
